The background of the page is a black and white photograph. On the left side, there is a large, dark silhouette of a tree with many branches. In the foreground, there is a body of water with ripples, reflecting some light. The sky is filled with clouds, and the overall tone is somewhat somber or reflective.

Foreword

In this the Bicentennial year, we at SSHS like all other Americans, have strived to emphasize our heritage, festival, and our horizons. Like our ancestors, for the most part we can look back with pride on what we have done.

With mixed emotions we offer you this collection of happenings of fleeting seconds, of things that will never again be quite the way it was. The school year of 1975-76 has come and gone. We can only look back and realize . . . WE WILL NEVER PASS THIS WAY AGAIN.

The Cat's Paw Staff of 1976

Communication . . .

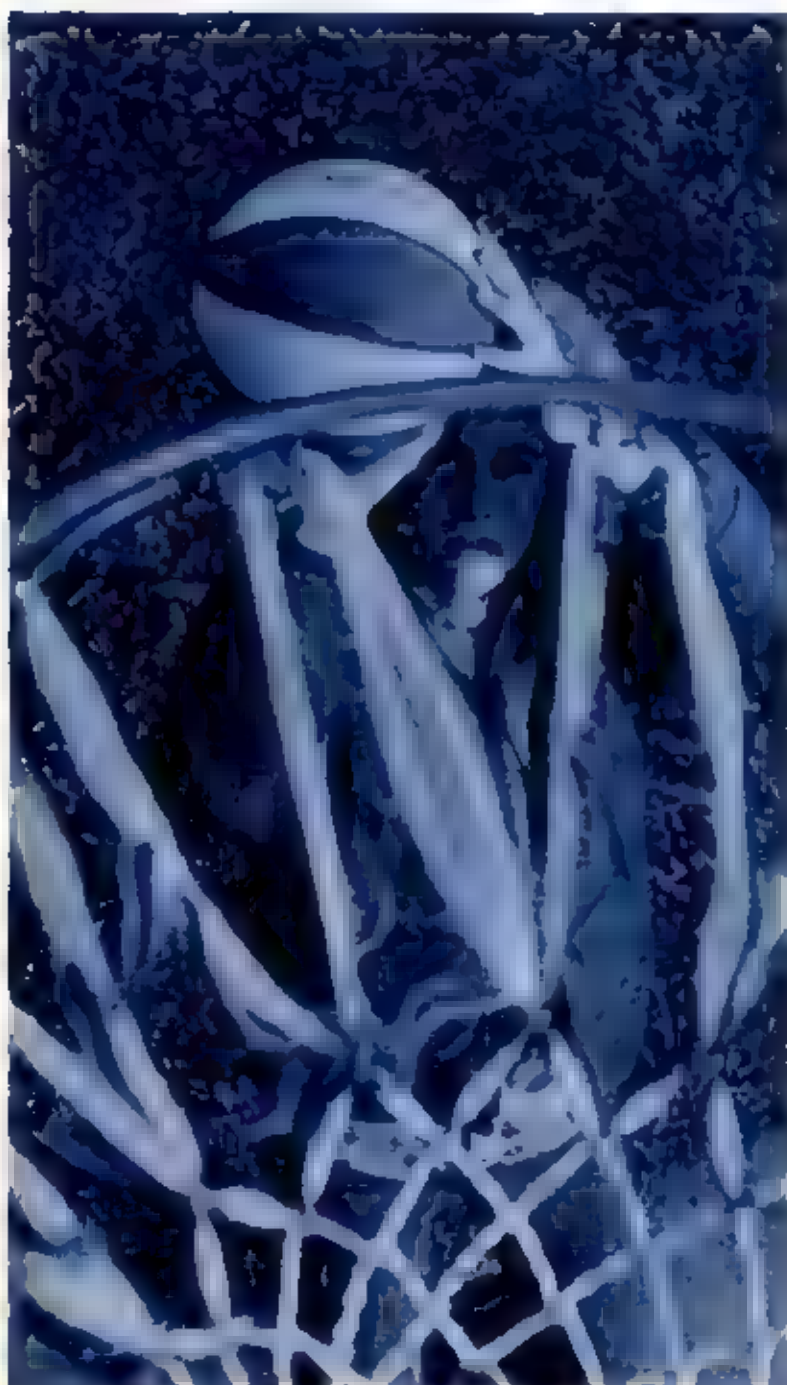

When you reread a classic you do not see more in the book than you did before; you see more in you than there was before.

Clifton Fadiman

Competition . . .

It is through the idealism of youth that man catches sight of truth, and in that idealism he possesses a wealth which he must never exchange for anything else.

Albert Schweitzer

Togetherness . . .

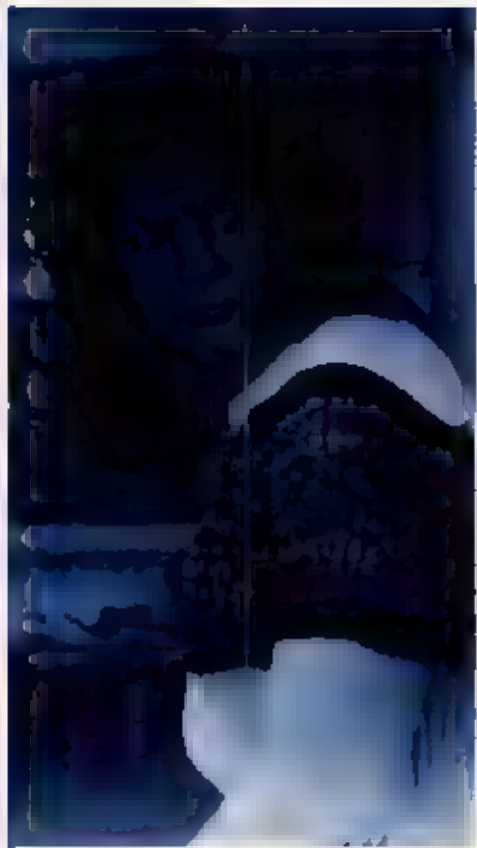

In this era of world wars, in this atomic
age, values have changed. We have
learned that we are guests of existence,
travelers between two stations. We must
discover security within ourselves.

Boris Pasternak

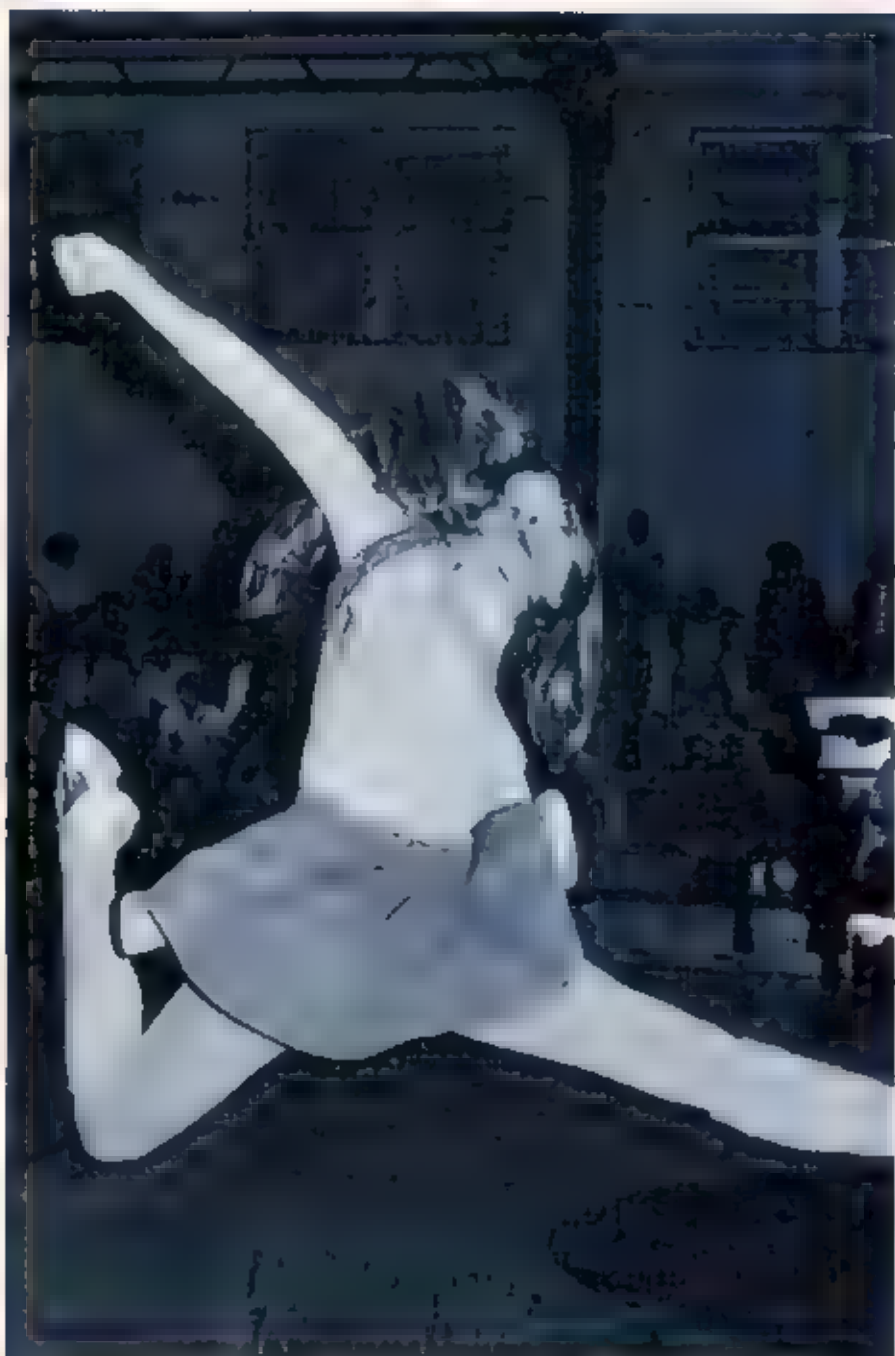

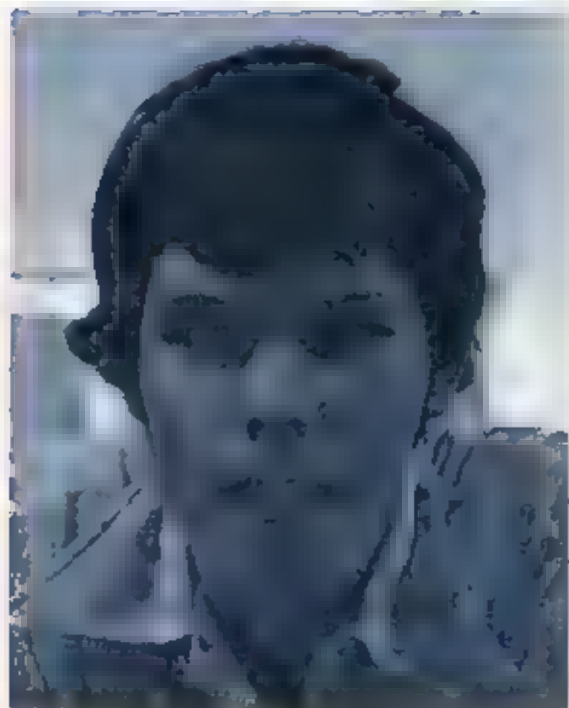

Emotions . . .

When you are joyous, look deep into your heart and you shall find that is is only that which has given you sorrow that is giving you joy.

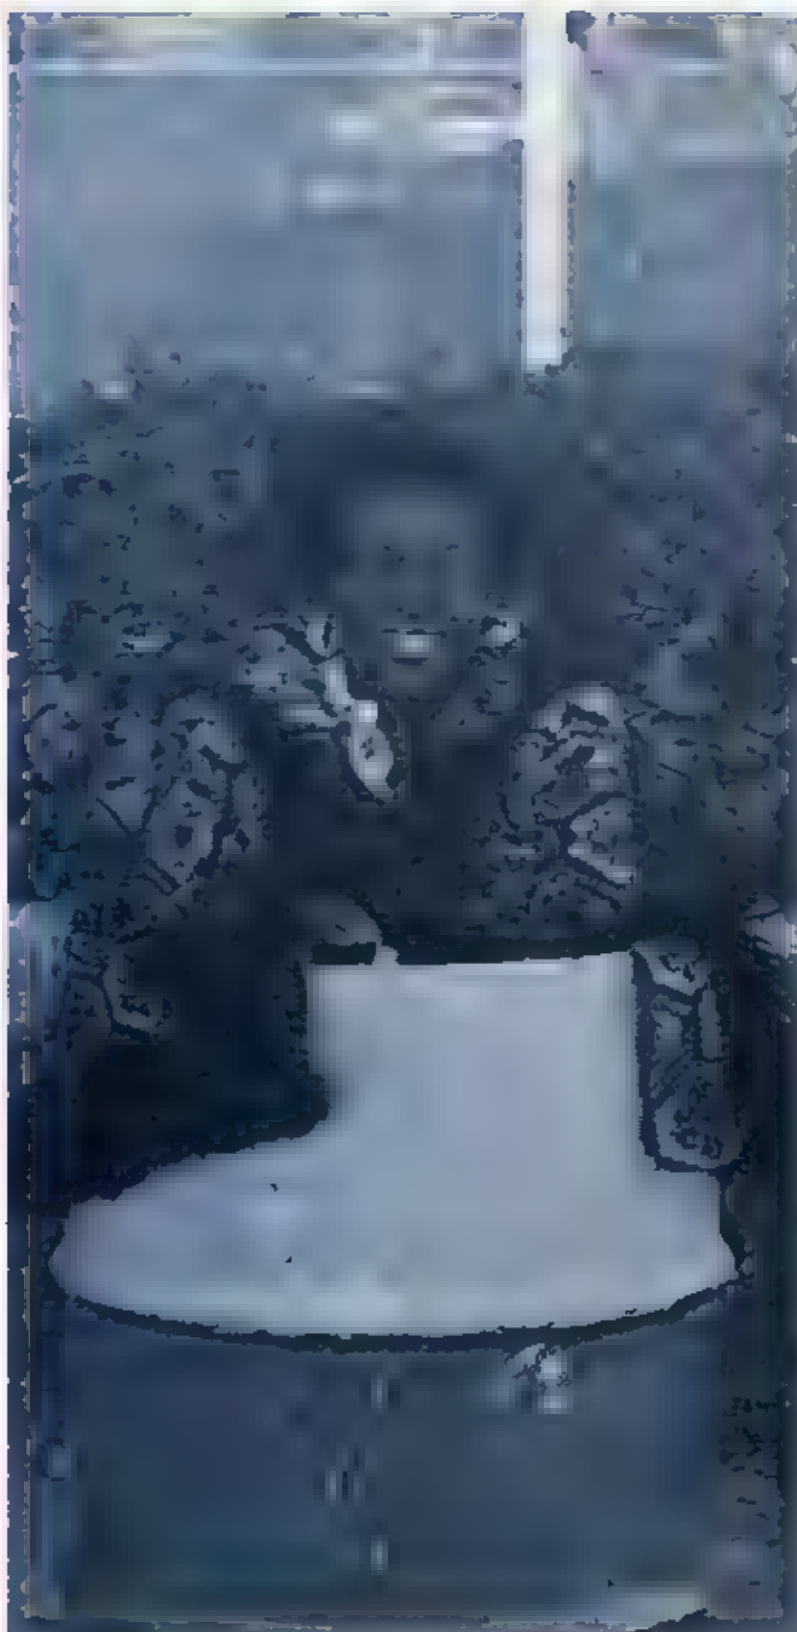

Enthusiasm . . .

There are two ways of spreading light: to
be the candle or the mirror that reflects
it.

The Wildcats of 1975 played as a team should. Individual efforts from the players also added a spark of enthusiasm on the field of play. On the field there were different types of personnel that made our team. The Defensive Line was one, busy stopping the run. The Linebackers were another, filling holes and in on the action at all times. The Secondary's first responsibility was the pass. The Offensive Line was working at opening holes for the Running Backs. The Running Backs provided the highlight of action on the field. The Receivers added a sparkle when the passing game was unleashed.

PRESS ON!

Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Only persistence and determination alone can assure success.

PRESS ON!

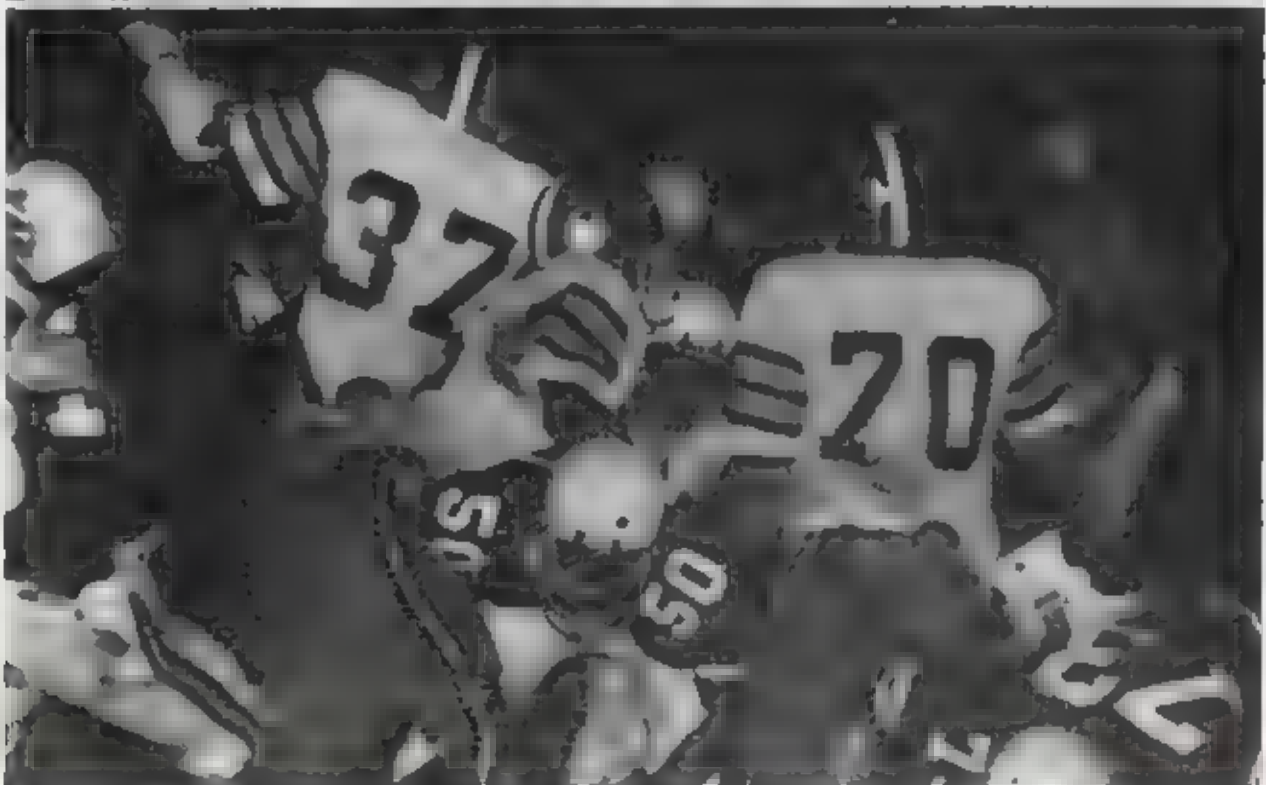

If there is one thing the football season taught the players, it hopefully was PERSISTENCE.

Together on Field

The 1975 Wildcats may not be remembered as a winning team. They may not have been state champions or even district champs. But to the ones who played on the field, who yelled from the stands, they were winners. They played as a unit; they gave it all they had every play of the game. As the last seconds ticked off at the Jefferson game, their record read 3-7 for the season, but to every player the record read 10-0 for out of each game came a bit of experience, and an added touch of knowledge. The 1975 season was the season that could and should have been.

Quill & Scroll is an organization of senior journalism students with a B average and an overall standing of the top third of their graduating class. This year's group of Quill & Scroll is the largest group in the history of SSHS. It is a National honor to be a member of the Quill & Scroll.

More events were able to be covered because this year was the first for a summer delivery of the Cat's Paw. Much time, planning, work and meeting of deadlines went into the 1976 yearbook. In Denton, the 1975 yearbook received the highest honor a yearbook can receive, an All-Texas Certificate. The goal of the staff is to capture the memories of high school life and arrange them in such a way as to keep and cherish for years to come.

The varsity cheerleaders were the first Sulphur Springs cheerleaders to bring home the sweepstakes trophy from Tyler Junior College's cheerleader clinic this summer. They received five blue ribbons and three spirit sticks at the SMU cheerleader camp in July. This is the best that any squad from SSHS has ever done. Seniors Make '76 Their Best Year

We the Seniors of '76 have followed and shared the same road from the beginning while others of us have joined the common pathway a little further down the line. But this year, our senior year, all of our paths have emerged into a common, yet unique stretch of highway. For we have all shared and considered this time. The unforgettable times of being looked upon by the underclassmen, of the Senior Circle, and of graduation. We have all shared moments of sadness and tears, and of happiness and laughter. Our senior year is a year we will never forget.

Senior class officers this year are (clockwise): Jim Loggins, Treasurer; Connie Milburn, Secretary; Delores Poskey, Vice President; John Perry, President.

Seniors take pride in their first place hall decorations!

Senior class sponsors are (left to right): Mrs. Arnold, Miss Hoefer, Mr. Watson, and Miss Tipping.

Seniors Make the Most

Preparing for that special moment, the moment which meant we were to be on our own, took much thinking and considering on our part.

Being seniors had its joys and it had its sorrows. Deciding how many invitations to order, what college to attend, and what vocation to follow, were decisions only we could make. No matter how many times we wanted to quit, something deep inside told us to keep on going . . . because the end was in sight.

of Their Last Year

Juniors Work Way

The year dragged on and we got excited about summer. At the time we did not realize how close we were to becoming seniors, actual members of the class we had envied so much. Our junior year was an experience we will never forget.

The experience included the added responsibility of being another year older, of having to take courses that were a little harder, and being expected to act like mature young adults. Being a Junior meant we would soon be Seniors.

JUNIOR CLASS SPONSORS: (Left to right) Mrs. Garvin, Miss Glenn, Mr. Nichols, Mrs. Roberts, and Mrs. Mitchell.

Sophomores Cross New

Happiness was free time to visit with friends while at the same time the everyday activities of classes kept the sophomores busy. Books and learning took some time, but the classroom was also a place for daydreaming and laughter. Whatever the activity, sophomores gave their all to SSHS. They weren't even almost there, but still they looked forward to 1978 - the year that they would be seniors.

Freshman Faces Filled With

Those who institute change are the ones who must make it work. Before the Seniors of '79 graduate they will see many changes take place. They will work hard to promote the rules that will lead to a better school and community. As they work toward these goals, they will strive to be the best of SSHS.

Cathy Lumsden displays some of the freshman spirit shown this year.

School Masters

They Work to Help Others

This year Superintendent Scott Ferguson, and our new Assistant Superintendents, Dan Durham and Kenneth Brem, are busy attempting to carry out their many promises to the public. Our administrators' primary concerns are not only that of keeping the public informed, but having the public inform them of pressing needs. Mrs. Esther Palmer is responsible for maintaining the efficiency of the Superintendent's office.

They Serve the Community

Long, hard hours, no pay, and little recognition add up to the rewards of being on the Sulphur Springs School Board of Education. Acting as a representative of the community in school affairs, the School Board conducts once-a-month public meetings concerning pertinent school business, and has the final decision in educational matters. We are especially proud of our Board of Education for the planning of the new High School and the remodeling and air-conditioning of the other schools in our system.

Office Administrators

Mr. Lloyd Goolsby's second year at SSHS has become a well accomplished school year. Enforcing the Quarter System and ironing out problems that occurred during the past year were a few of his great responsibilities as principal. He and Mr. Larry Maroney, Vice-Principal, have tried to make the 1975-76 school year enjoyable and interesting to both students and faculty at SSHS. (1) Mr. Goolsby recalls the past with a relieved smile. (2) Mrs. Phillips, Mr. Goolsby, Mr. Maroney and Mrs. Byrd are shown at another day of hard work. Opposite Page: (1) Mr. Maroney enjoys his first year as Vice-Principal at Sulphur Springs. (2) Mrs. Phillips serves as secretary to Mr. Goolsby during the school year. (3) Mr. Goolsby strives to keep communication open between students and faculty at SSHS. (4) Mrs. Sherry Byrd takes care of absentees and assists in the office.

Faculty Prepares

As students prepare themselves for the role they will play in society, guidance is a major factor. The faculty at SSHS strives to instill ideals that will let no talent go to waste and no mind be left closed. The enthusiastic teachers are always willing to sponsor clubs, coach athletic events, and chaperone various activities. The students at SSHS are greatly indebted to the faculty that has better prepared them for the world that will soon be theirs.

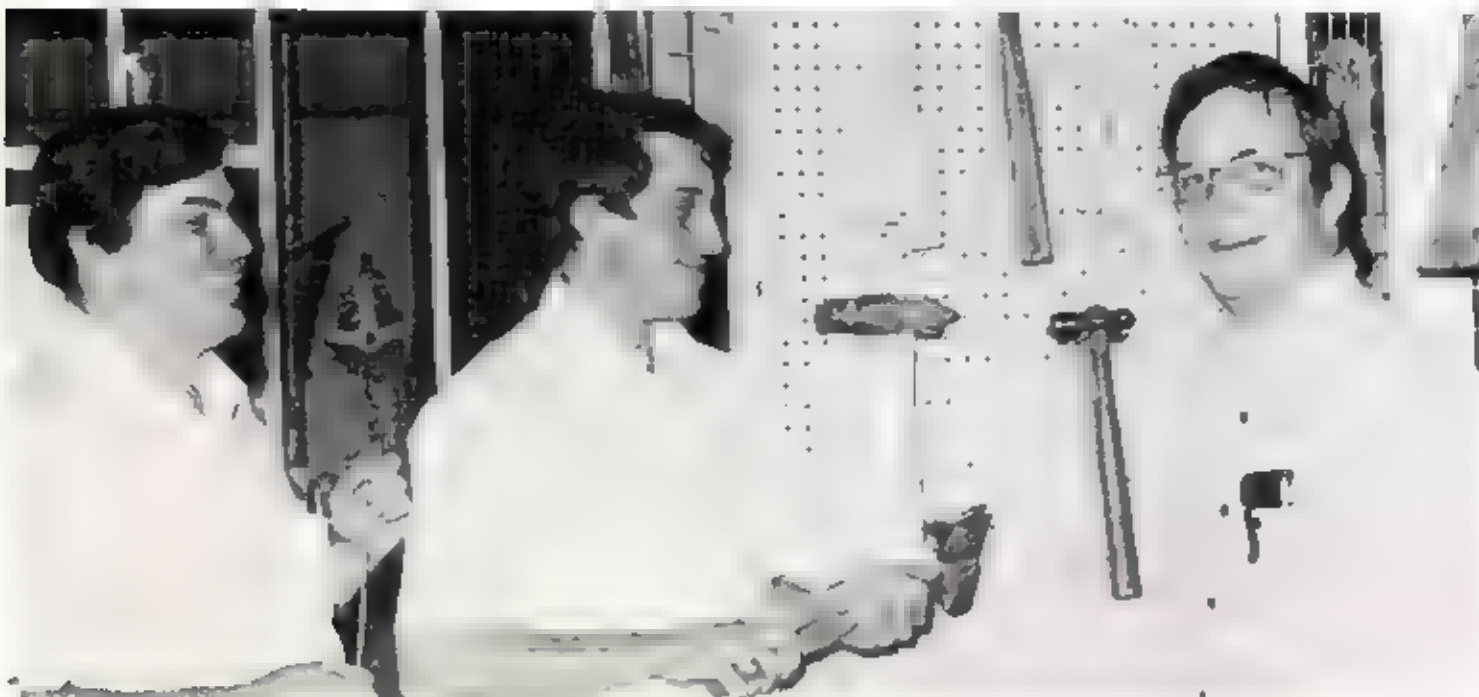

Providing students with on the job experience is one of the goals of the Distributive Education and Vocational Agriculture classes. Preparing students for family life and the caring of the home is the objective of the Homemaking teachers. These teachers play a large part in the preparing of students for the part of life that entails responsibility.

Mr. Kenneth Hyde (left) is in charge of the D.E. classes and Mr. James Bassham teaches Business Math.

(left to right) Mrs. Allarea Black, Mrs. Colleen Hines, and Miss Rachel Anderson are the Homemaking teachers.

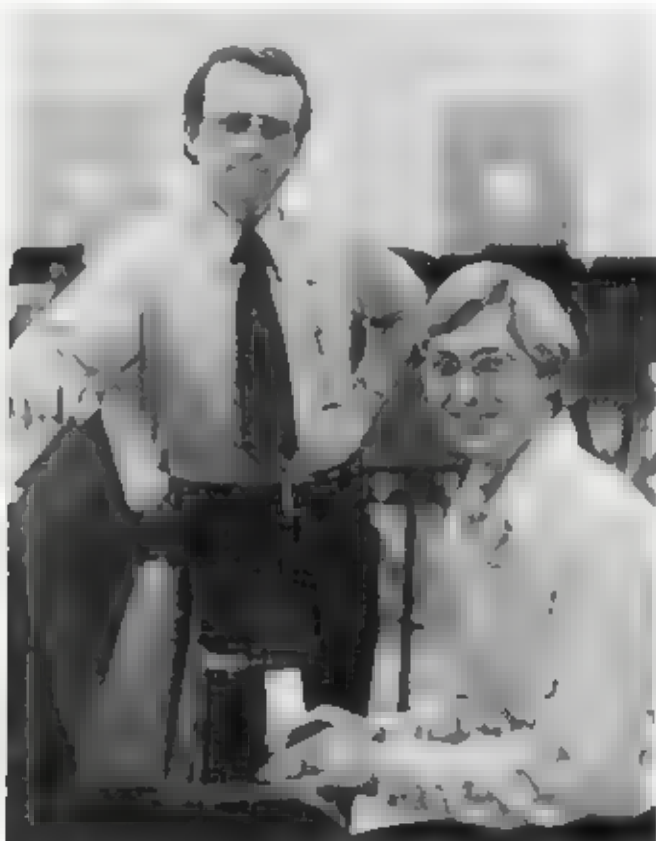

(left to right) Mr. Richard Benson, Mr. Richard Watson, and Mr. Bill Lyons are in charge of the Ag group.

Students for Future

Mrs. Laurine Garrison is in charge of the Speech department.

Some teachers at SSHS are in charge of an entire department. A few of the larger departments are Journalism, which includes Yearbook, Newspaper, Radio-TV, Photography, and Journalism I, four levels of Art, Athletics, Drafting, Speech, and Music. These teachers have a large responsibility at Sulphur Springs High School.

Mr. Bob Caraway is the athletic director.

Mr. Benny Hooker is the Drafting Instructor.

Mrs. Lillian Thompson teaches the four levels of Art.

Mrs. Marynell Bryant is in charge of Journalism.

Teachers Work to

Forming a large portion of the SSHS faculty is the English department. The English teachers prepare students who plan to advance their studies and provide broader backgrounds of interest for those who plan to terminate their education at the high school level. No matter what level of English these people teach they instruct all in the basic skills of communication.

Miss Sandra Glenn and Mr. Bruce Mosier both teach English I.

Mrs. Karen Bailey, (left) and Mrs. Betty Mitchell, teach the English II classes.

Mrs. Martha Dobson (left) and Mrs. Janet Garvin take a break between their English III classes.

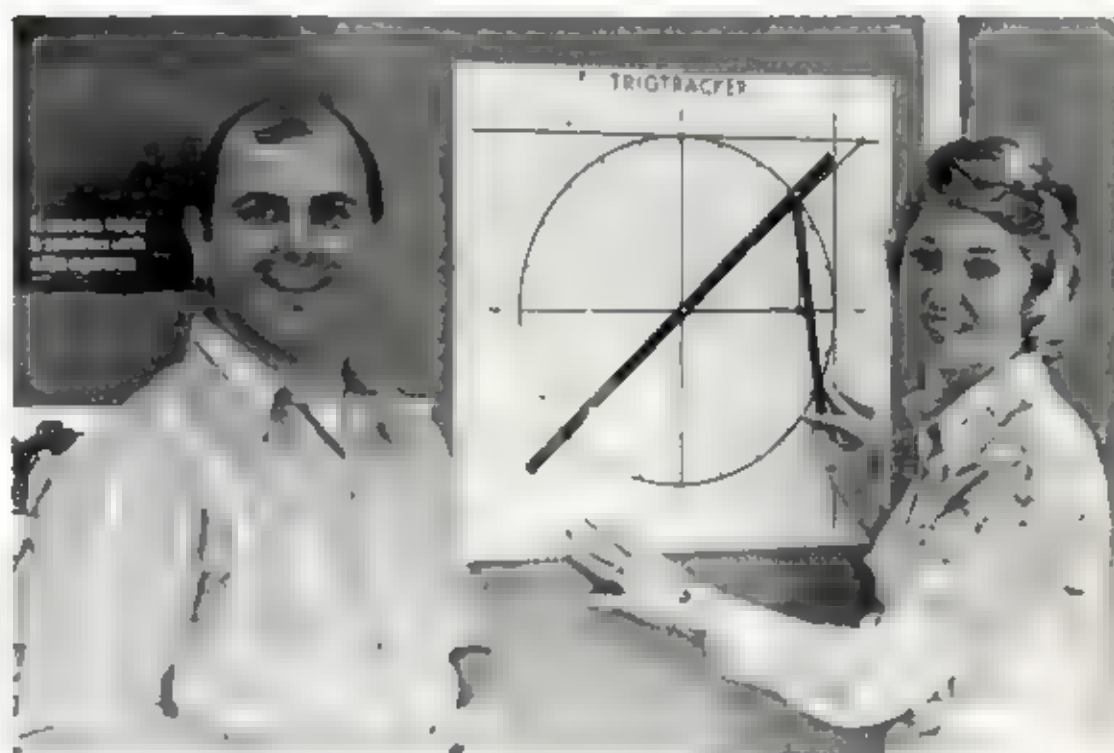

Mrs. Barbara Law works diligently as she is the only teacher with English IV classes.

Meet Student Needs

The librarians have a tough job as they take care of the largest selection of books at SSHS. The Math teachers instruct students in almost the widest variety of math courses available at the high school level. The Math department includes Related Math I and II, Algebra I and II, Geometry, and Advanced Math and Trigonometry.

Mrs. Paula Dickey is a librarian at SSHS.

Mr. Steve Peugh and Mrs. Jo Beth Brewer teach Algebra, Geometry, and Advanced Math and Trigonometry.

Mrs. Lizzie Adams (seated), Mrs. Janie Caldwell (left) and Mrs. Susan Holbert teach Related Math and Algebra.

Mrs. Ella Ferguson serves as a library aide at Sulphur Springs High School.

Guidance Shown

In this the bicentennial year, American History has played a major role in the education of the students at Sulphur Springs High School. The American History teachers do an outstanding job in giving us a touch of our country's heritage. The Government instructors prepare the Seniors for the political world they will soon face. Those who teach World History instruct their students in the effects American and other cultures have had and have on each other.

Mr. B. J. Chapman (left) and Mr. Fred Caldwell are the Government teachers.

Mr. Barry Smith (left) and Mr. Clyde Nichols teach World History.

(left to right) Mr. Harold Bryant, Mrs. Anna V. Hudson, and Mr. Robin Byrd are the American History instructors.

by Faculty

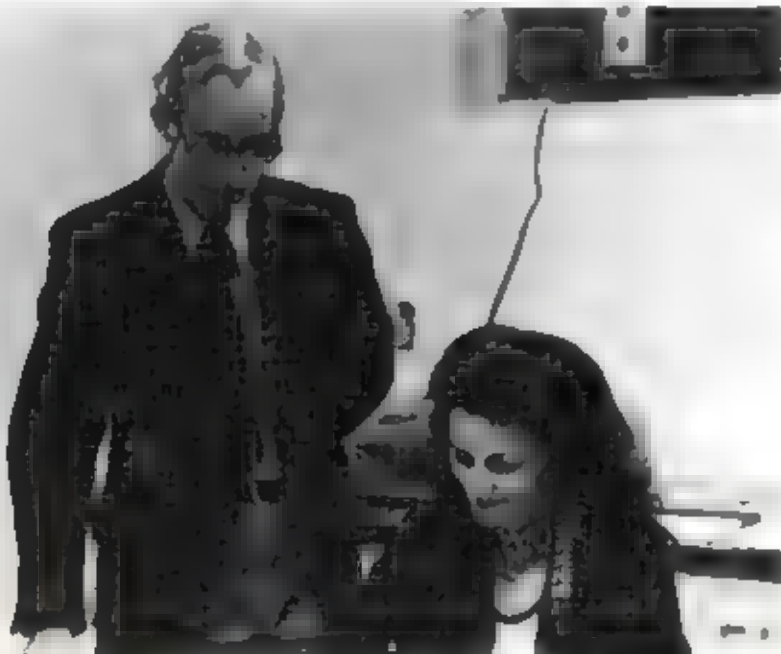

Counselling is an important factor in the guidance of high school students. The counselors at SSHS have gone beyond the call of duty in their field. The teachers who work in the Resource classes are always giving their all. The foreign language instructors are always busy with their classes as they plan for banquets and conventions of various types. This is just another aspect of the faculty at SSHS.

Mrs. Nancy Rooks (left) and Mrs. Nancy Stephens are in charge of the Resource classes.

Mrs. June Milligan (left), Spanish teacher, Miss Mary Hoefer (middle), Latin teacher, and Mrs. Eddine Roberts (right), French teacher discuss plans for the Tri-Language banquet.

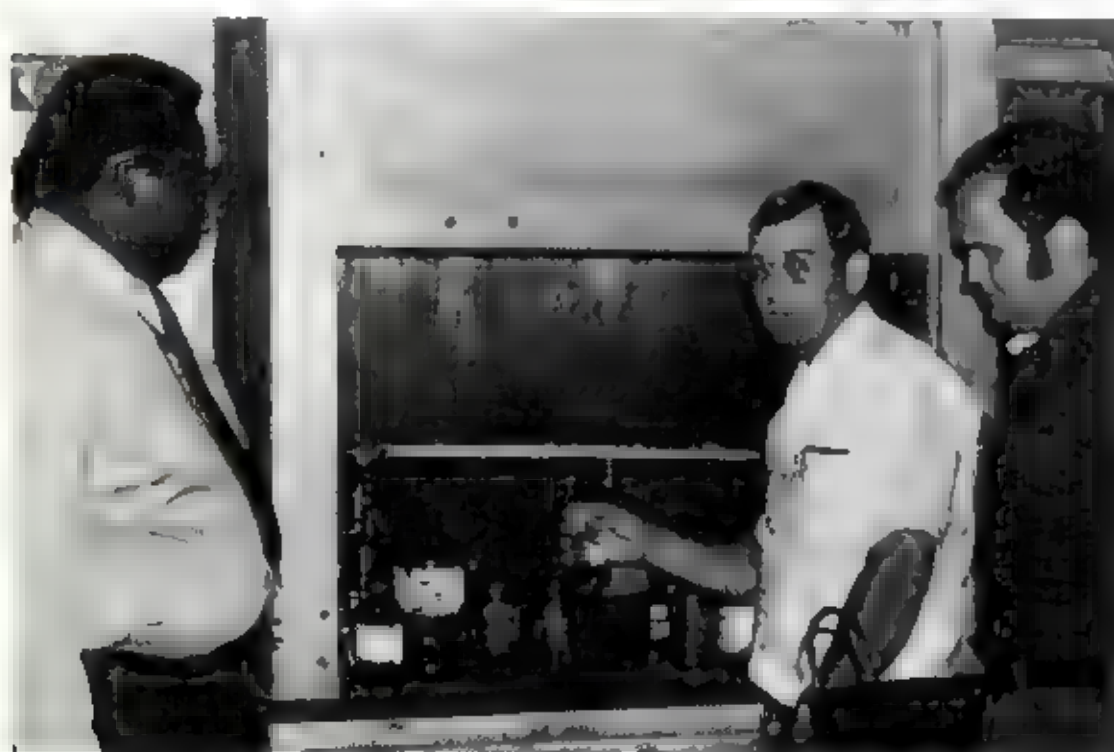

Mr. Gerald Kennedy and Mrs. Virginia Adams serve as Vocational counselors.

Mr. Burford Scott is the Counselor at SSHS.

Faculty Promotes Interest

The Science department plays a major part in the curriculum at SSHS. The science teachers offer a wide variety of courses to the students including Physical Science, Biology, Chemistry, Physics, and Biology II. Physical Education is important to today's student. In order to do good in school a student must feel good. The Physical Education teachers help keep students physically fit in order to insure a better learning environment.

(left to right) Mr. John Henry Turner teaches Biology, Mr. Charles Wardrup teaches Chemistry and Mr. Tony Bible teaches Biology I and II.

(left to right) Mr. Marion Teel teaches Physics and Algebra, Mr. Louie Phillips and Mr. Jim Campbell teach Physical Science.

Mrs. Edna Mabe (seated) and Mrs. Kathy Smith are the Physical Education teachers. Mrs. Mabe also sponsored the cheerleaders and drill team.

in Various Fields

Mrs. Naida Limbaugh and Mrs. Linda Maeker are teachers aids.

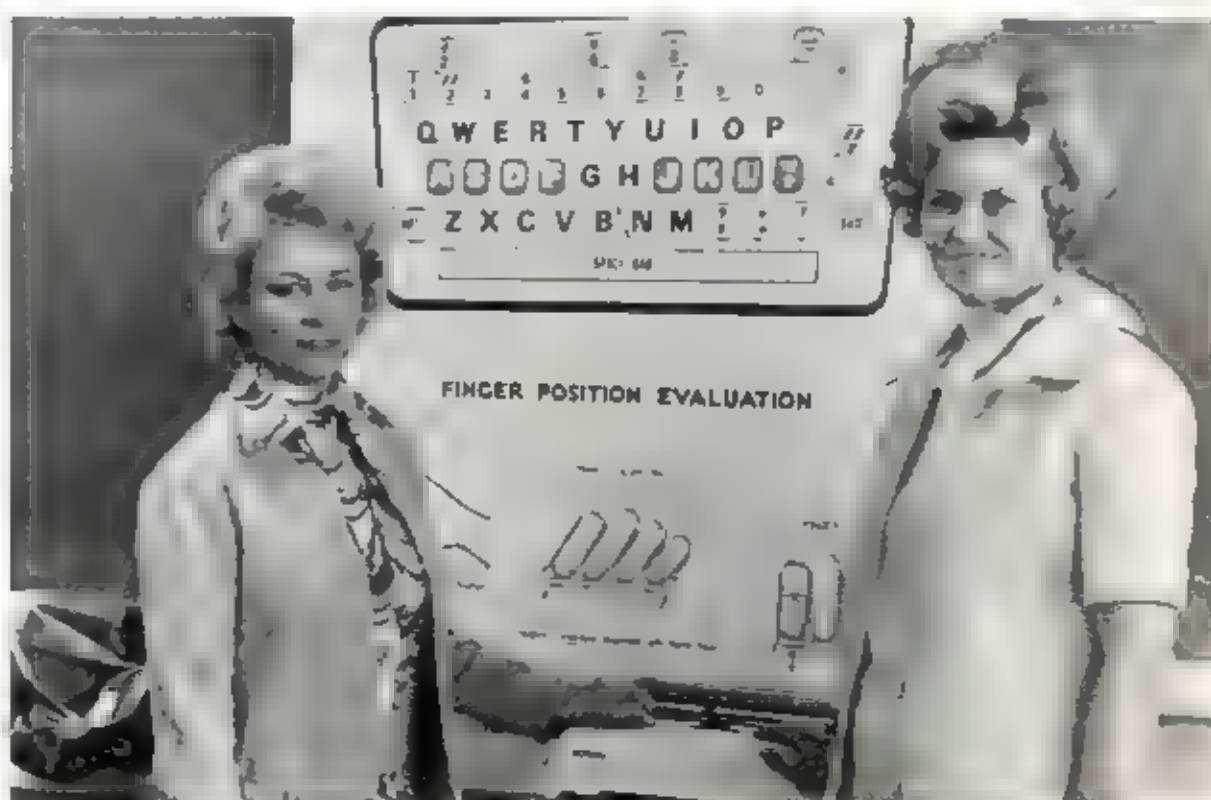

Teachers aids have many jobs at SSHS. They keep the Study Halls and assist in the office in recording grades and attendance. The Typing teachers instruct students in the basic typing skills which will enable them to type personal things. The Business, VOE, and ICT teachers prepare students for applying for and holding jobs. All of these teachers make up an important part of the faculty at Sulphur Springs High School.

Miss Judy Tipping and Mrs. Nell Ruth Williamson are the teachers for the VOE classes.

Mr. Lowell Bennett is in charge of the ICT classes.

Mrs. LaRene Good teaches Typing I and Mrs. Jean Arnold instructs the Business classes.

Responsibilities Fall on Administrators

Special areas in education are fulfilled by these administrators. They direct and supervise various fields of education throughout the year. Transportation, cafeteria supervision and business are school jobs that are not usually thought of as part of the education process. These people maintain a smooth running school through their offices and are not directly associated to the classroom.

HI KING KLUB

(A Non-School Organization)

Dedication . . .

The only limit to our realization of tomorrow will be our doubts of today. Let us move forward with strong and active faith.

Franklin Delano Roosevelt

Determination . . .

It is through the idealism of youth that man catches sight of truth, and in that idealism he possesses a wealth which he must never exchange for anything else.

Albert Schweitzer

Destination . . .

I don't know what your destiny will be,
but one thing I know: the only ones
among you who will be really happy are
those who will have sought and found how
to serve.

Albert Schweitzer

Just think
soon it's all over

classes, football games
turning in that last
big paper
racing the tardy bell
the Homecoming dance
Saturday night waiting
for the phone to ring
Rushing to the Dairy
Queen
working after school
cruising down Broadway

So much to remember
Tell me
how can we just
write "the end"
neatly in a corner
and fold the year away?
